First Term & Newsletter 20

John and I have decided that this will be the last printed Newsletter as the price of printing, folding and postage is becoming too exorbitant.

We will still do the newsletter every six months and it will be available on our web site *camberwellsewing.com.au* for referral and/or download.

So check for the newsletter each **last** week in February and June.

The Discount card always on offer with each issue will also be there to print out.

For those who don't have a computer or access to the web, please contact the shop as we will keep a list of names and addresses for postage.

I'm sorry to keep doing this but we have just purchased a new computer with all the bells and whistles and would dearly love to receive your email addresses again for the extra special events and very special offers we have throughout the year.

Our data base is not shared with any one else.

Bernina Embroidery Software workshops

Tuesday 17th February \$110 10:30 am – 3:30 pm
Morning and Afternoon tea will be provided. Break for Lunch

Workshop Requirements:

For all workshops you'll need a notepad and pen along with your laptop computer loaded with working software in the level suitable for each workshop. As these are all day workshops you'll need your computer power cord and of course - don't forget your dongle!

All software workshops are held upstairs in our classroom which is fully equipped with a data projector and large screen for easy viewing and are held by Bernina Software expert Leanne Gardiner.

CROSS STITCH

Have you admired the beautiful cross stitch embroideries you see, but don't have the time or patience to complete them? The Bernina Embroidery software has the answer for you. A built in Cross Stitch program that allows you to create exquisite designs in a fraction of the time. This all day workshop will cover how to use the Cross Stitch portion of the program and create original designs as well as turn many "standard" machine embroidery designs into cross stitch. The workshop will be suitable for Version 4 or Version 5 Editor Plus and Designer Plus levels of the Bernina Embroidery software. For beginners through to advanced users.
